I can't stand smoking

The most difficult thing for me is to sit in a place that is full of the smell of cigarettes. When you visit a cafe', the first thing you face is this big cloud of smoke and the unpleasant smell of cigarettes. It's completely not healthy to stay in such place. Many people suffer from public places full of smokers who fill the air with their smoke. Even those who used to smoke once they stay away from this bad habit when they feel uncomfortable around smokers. In the past people used to smoke only in public cafes, but nowadays people smoke everywhere, in the restaurant, offices, street, parks, even in the hall of the hospital.
